## Respuestas y Explicaciones

1. How do you read the following number? 100

*A. a hundred - Hay que usar el artículo.*

2. "So what price did we agree on? Was it 200 dollars?"

*B. No, it was only one hundred - Aunque se podría decir "a hundred", al especificar, es más apropiado decir "one" en este contexto.*

3. How do you read the following number? 172

*D. All are possible - Todos son posibles, con artículo o el número, y con el "and" o no.*

4. How do you read the following number? 1,975

*C. one thousand, nine hundred and seventy five*

5. How do you read the following number? 93,756

*C. ninety three thousand, seven hundred and fifty six*

6. How do you read the following number? 386,109

*A. three hundred and eighty six thousand, one hundred and nine*

7. How do you read the following number? 601,004

*A. six hundred and one thousand and four - No se puede usar "a" porque en este contexto hay que especificar.*

8. How do you read the following number? 2,479,083

*B. two million, four hundred and seventy nine thousand, and eighty three*

9. How do you read the following number? 413,852,701

*B. four hundred and thirteen thousand, eight hundred and fifty two thousand, seven hundred and one*

10. How do you read the following number? 7,831,902,451

*C. Both - Correcto. En EEUU un billón son mil millones (9 ceros), en el Reino Unido un billón son un millón de millones (12 ceros). Ese número se puede expresar de las dos formas según el país en el que te encuentras. En EEUU sería la primera opción, en el Reino Unido la segunda.*
